

Marilena Stirling
Conference Director

The months have passed by, life has gone back to normal, and AusAPT's national conference seems like a dream ... a very special one.

I'd like to thank everyone involved for the parts they played. We would not have had a conference without participants; they would not have come if we didn't have presenters—and the conference committee would have had to do a lot more worrying if we didn't have sponsors.

The conference committee worked hard and long. We are most grateful to our band of volunteers who also helped out before and during the conference, thus enabling us to enjoy the fruits of our labours. Thanks to the generosity of the volunteers, committee members were able to attend almost every session.

So, whether you helped out on the registration desk, during audiovisual crises, as room hosts, etc, thank you most sincerely. I was never alone and I felt supported all the way.

The feedback we received, verbally and from the evaluation forms, was most heartening. We had always intended to provide a professional, educational and warm experience. Your responses tell us that we did that, and we are absolutely thrilled. We have noted the suggestions for improvement and will pass them on to the next conference committee.

I would like to add special thanks to Chavalit Frederick Tsao, chairman of IMC Pan Asia Alliance Group, who paid the air fares from Singapore for keynote speaker Dr Phil Harker. I was unaware of that when our conference booklet went to print, and I regret that he didn't get a mention.

Thanks again for the great memories and your wonderful support. I really enjoyed meeting everyone at the conference. My only regret is that time was too short to have the in-depth conversations I would have liked. Please feel free to email me at marilenastirling@yahoo.com.au.

I'm looking forward to catching up with you whenever a window of opportunity appears.

Yours most sincerely

Marilena
