

Australian Association for Psychological Type Inc

USING VISUAL IMAGERY TO TRANSFORM LIVES

Members and guests are invited to register for the next AusAPT event in April.

Explore and play with numerous visual tools that help groups and individuals explore meaning, feelings and life experiences.

We will look at the tools available from "Innovative resources" which are used by social workers, psychologists, teachers and other human services workers. Including:

Signposts: exploring everyday spirituality

Picture this: 75 colour photographs for conversation and reflection

Stones have feelings too: meet a pile of quirky, engaging, happy, sad, afraid, shy, joyful and just plain outrageous 'stone' characters.

Strength cards: These cards remind each of us of the strengths that we can use or develop to deal with life's difficult situations.

And: many more

This is an interactive session to view, use these resources and to discuss how, when and why Type could fit with these tools.

Facilitator: Dr Glenda Farmer, BSc, BDent Stud.

Glenda practises as a dentist; she also supervises dental students, holds a Cert IV in Assessment and Workplace Training, is a Web Developer for medium size businesses, is Type accredited and supports all the AusAPT meetings. Glenda's preferences are ENFP.

When: Thursday 10 April 2008

Where: ACER, 19 Prospect Hill Rd, Camberwell (Melway p45 J:12)
See the new accommodation venue and the Bookshop!

Time: 6.30 for 7.00pm finish 9pm

Cost: \$10.00 AusAPT Members. \$20.00 Non-Members

We look forward to seeing you there.

RSVP by Friday 4th April 2008 (for light refreshment purposes)

To Register: Email Elwin Hall at : elwin@protean.com.au or phone: 9836 6565

All welcome!!
